My Olivia had surgery on 4/1. I had some questions and concerns that I needed to discuss with Dr. Traxler. She called me and completely answered all my questions. We're still waiting for a pathology report, but Olivia has recovered very well.

I've been bringing Loulou there since the first week I got her. I do appreciate everything you all do for my fur baby. The only thing I can think of that I wasn't very happy with is the price. Again, I thank each of you for all you do for Loulou & I.
