I, \_\_\_\_\_ (Print Your Full Name) understand that Northwood Animal Hospital highly recommends not to leave beds, blankets and/or similar items in boarding cages, especially while unsupervised.

Although Northwood Animal Hospital has made me aware of this, I want my dog, while boarding here, to have his/her personal Items left in the cage. I will waive any and all liability from Northwood Animal Hospital that might arise from such request. I am also aware that in case any medical expenses arise, I will be responsible for such.

Items left during the stay may become stained or soiled and Northwood Animal Hospital has made me aware that no cleaning will be performed to such items. Northwood Animal Hospital is not responsible for any damaged or lost items left during the stay of my pet.

**I have read this boarding release amendment form and understand it in its entirety.**
